Harvest Festival Sunday At St. David's Church

This Sunday the parishioners of St. David's Episcopal Church will observe their annual Harvest Festival at all services.
This Saturday, each family or individual, brings to the church a portion of the harvest; either fruits, vegetables or canned goods. By this act recognition is given that the plenty of the earth, autumns store, comes from the provident hand of God, from whom all Blessings flow.
Members of the Altar Guild of the church will fashion a harvest display of the offerings of the people at the side of the church sanctuary. This affords the worshippers a colorful reminder of the bounty of God's earth.
At the ten o'clock service, children of the church school bring forward to the Altar offerings of fruit, these being presented along with the gifts of the people. At this service special Thanksgiving canticles and anthems are sung together with the singing of the Thanksgiving hymn by members of the junior choir.
Following the service, the ingathering of the people is given to those having a lesser abundance thus concluding the three-fold act of bringing, witnessing and sharing.
"We thank Thee then, O Father For all things bright and good, The seedtime and the harvest Our life, our health, our food."
Matthias Claudius.

Citizenship Award

(Continued From Page 1)
1968-69, in the state, and is granted by the Sears-Roebuck Foundation.
The Council's program which merited the award was for the formation and promotion of a Child Safety Committee. This committee aided in the elimination of many hazards thru completing and acting on a rigid study of school traffic and safety hazards. Harold Burnett was chairman of the original committee for the council and the town of Agawam now has a full time safety program.
This is the second time the Agawam Council has received a first place state award. The first time was in 1966 when they received the award for conducting a measles Vaccine Clinic in cooperation with the Agawam Health Department. They then conducted two clinics and the effectiveness was proven by no reported cases of measles in that calendar year.
PTA's throughout the state attended the New Bedford convention. The theme of the outstanding program was "Imperative of Tomorrow."
Study groups and workshops were on: Drugs, Community Involvement in Schools, Emotional Health, Smokeless Generation and Safety Programs.
Representing Agawam were: PTA Council President, Mrs. Dominic DiDonato, Mr. and Mrs. Harold Burnett, Mrs. Albert Taupier, Jr., Mr. William Caruth, Mr. and Mrs. Robert Clark and Mr. and Mrs. Paul Fieldstead.

Telescopic sights are used by a majority of big game shooters and by all except extreme nov-

ice varminters. They afford the hunter a clearer picture of his target, making for better accuracy, quicker identification and increased safety. But how many scope users know how to focus the instrument properly.

When a shooter acquires his first scope, he usually finds it out of focus for his eyes. He may keep staring while turning the eyepiece for a sharper image. What he doesn't know is that his eyes tend to adapt themselves to the out-of-focus picture. He settles for an image that looks clear to him at the time, but he will find the scope out of focus the next time. He should turn the eyepiece to the left until both the object being sighted and the reticle appear blurred. (Don't unscrew it all the way out or

you will let out the nitrogen that prevents fogging.) Commence to move the eyepiece to the right, but do not continue to stare at the sighted object.

Look away frequently. Continue to turn the eyepiece to the right each time you resight until you get the sharpest image on both the center reticle and the object being sighted. Your scope is now in focus for you.

If you loan your scoped rifle to a friend, he may change the focusing to suit his eyes. If so, you will have to refocus the scope to suit your eyes.

So, check for proper focus and it could be that your chances will improve. The above bit was adapted from the Savage Arms News.

NEW GROUSE BOOKLET

Just off the press is "Ruffed Grouse," the latest in the Winchester - Western Conservation Dept.'s series on major American game birds and animals.

The 104-page booklet includes life history, management, hunting, and cycles of ruffed grouse — material gathered from hundreds of wildlife biologists, naturalists and hunters. Lavishly illustrated, it is the most complete handbook on "partridge" published. Price is only \$1 from the Conservation Department, Winchester-Western, East Alton, Illinois, 62024.

"Ruffed Grouse" is the seventh in a library series that includes works on elk, gray fox squirrels, ring-necked pheasant, white-tailed deer, mallards, and cotton tail rabbits.

Real Royalty

Come fall, ducks and geese get a lot of publicity. Their flights south are marked with great interest, and a two-million gun salute.

Big deal. At the same time, without any fanfare, the mon-

AGAWAM FOOTBALL SCHEDULE

NOV. 22—CHICOPEE COMP. at AGAWAM

COACH'S CORNER . . . by Cliff Kibbe

The West Springfield game has to be the biggest game for us this year. As you know we went into the game as the underdog and won the game in the last minute and four seconds. It was simply a story of a team not quitting and playing as they are capable of playing. West Springfield has a fine football team and the young-

er Benia boy has to be the best back we have faced all year. He is big, strong and runs with determination. Our boys came on strong in the second half and really hit hard. There were many fine performances for Agawam and naming the outstanding ones is difficult, however here is how

arch butterfly heads south. And for a paper-winger critter weighing only one-seventieth of an ounce, it does a lot of southering.

Most butterfly tagging has been done in Canada. A numbered slip of tissue paper is glued to one wing of a monarch, usually in the fall. Several monarch butterflies tagged near Toronto have been recovered as far east as Long Island, N. Y., and as far south as Texas and Florida.

One monarch was released in Ontario, Canada, on September 13 and was found in Texas 1,345 miles away on October 25. The longest recorded flight was from Ontario to San Luis Potosi, Mexico. In four months and seven days, that monarch butterfly traveled 1,870 miles.

Paul O'Brien

we saw it. In the line offensively Don Young, Nick Longhi and Bob Morin — there were others but we thought their efforts were the best. Defensively in the line Chip Shearer, Len Caron and Dana Raymond gave good performances.

In the backfield offensively Don Frogulske was terrific. He passed, ran and handled the ball flawlessly. I went to him for the extra point play that put us ahead simply because I thought he would make it and he did. We estimate that Mike O'Brien made

Jerry Burke

at least 150 yards rushing; his efforts were terrific. I would like to point out that his playing weight is 155 lbs. and he averages anywhere from 20 to 30 carries per ball game.

Scott Macey at 145 lbs. gave us one great ball game. He made long runs and his two interceptions were back breakers for West Side. Mike Drewnowski our third tail back this year has to be considered for his performance. He scored two touchdowns, but most important he handled himself with authority in a position which he has played exactly three days.

Tom Locke in his first start showed considerable ability and with a little varsity experience should be a good one. Both Gary Safford and Brad Hedges continue to improve on defense and both are coming back next year.

We are still mighty short handed but the boys' spirit is high and we are hoping for a victory in our season closer with Chicopee Comp. They are a lot better than their record shows and if we want to end with a 500 record we must take this one.

Our final selection is as follows: Backs of the week: Don Frogulske and Mike O'Brien on offense . . . both Scott Macey and Mike Drewnowski on defense.

Linemen of the week: Don Young, Nick Longhi and Bob Morin on offense. Len Caron, Dana Raymond and Chip Shearer on defense. We are sorry but we cannot cut it down any more than that and even doing this leaves out many inspired performances.

AI V.A. APPROVED FOR VETERANS TRAINING

THANKSGIVING should be more of an attitude than an observance; more a way of life than a day apart; more a habit than a holiday; more a spirit of gratitude than a time of feasting. THIS IS WHY we are always saying "THANKS" — thanks to those that help us, thanks to those that work to make our Lodge a stronger fraternal unit and through it a greater force influencing the policies within our community. By helping thus, we help to make our community a better place to live and raise our children.

Thanks to those who help us make MOOSEHEART and MOOSEHAVEN living examples of what a helping hand can do for others. Carry a paid up green receipt in the Loyal Order of Moose and say thanks that you can help them. Your receipt is your helping hand and we'll say "THANKS."

One of the newest winter activities at Mooseheart is the snowmobile and "thanks" to Lodge No. 1557, who is the donor.

The 1970 Volkswagen.

Great Scott, it's the Loch Ness monster.

Nope, it's the Volkswagen Bug with the greatest service story ever told:

For we now have a service system that can actually tell you you have a problem early, before it becomes a real problem.

It's called VW Diagnosis.

And it's like getting Medicare aid for your car. If you will, Medi-car.

Four free Medi-car checkups come with every new Volkswagen.

They're performed by specially trained technicians using specially

made diagnostic equipment. (See weird picture above.)

The equipment is much faster and more thorough than any mechanic alive.

For instance, in a matter of minutes it can tell you the resistance in one of your spark plug wires is too high.

(Nothing serious, but something that could reduce your gas mileage and foul up your spark plugs.)

The point is that the world's greatest mechanic couldn't spot this problem during a normal checkup.

A Medi-car checkup can.

Long live the Bug.

V.F.W. Post 1632 Auxiliary Bulletin

By ANNA D. BISSONNETTE

A "Special Purpose" meeting of the VAVS Advisory Committee was held Tuesday, Nov. 18, and all Representatives and Deputy Representatives attended including our Hospital Representative Anna-Bissonnette. Robert E. Holland, M. D. Chairman of the VAVS Committee thanked Erma Clark, American Legion Auxiliary Representative, for her report on the "Personalized Christmas Gift Program." There were many other reports which will be reported in next issue. Refreshments were served by Agawam No. 1632 Auxiliary and we have to thank President Katherine Dickinson, Chaplain Fran Link, Legislation Chairman Betty Mason, Jr., Vice-President Anna Bissonnette and Del Grazio, volunteer.

President Nixon's married daughter, Julie was a visitor at the hospital on Nov. 11—we took part by donating baked goods.

Party giving is loving. . . It is giving. . . It is sharing! It is everybody's chance to light a little candle in the sometimes gloomy corners of the world. Someone has said that life itself is a party; you join after it's started and you leave before it's finished.

THAT'S WHY we are giving a Christmas Party for the patients in Ward 3—Lower at the V.A. Hospital on Monday, Dec. 15. Each patient will receive a gift specially selected for him by Hospital Chairman Anna Bissonnette and carefully wrapped by President Dickinson and Del Grazio, friend of the Auxiliary. Gifts include ties, wallets, tobacco pouches, belts, T-shirts with pockets, shaving lotions and soap. Refreshments will be from the Auxiliary and entertainment will be by several entertainers from Agawam. Anyone wishing to help in some way may call RE 3-0215. Thank you.

PRESIDENT'S COMMENTS: Children's Christmas Party will be Dec. 20, Saturday afternoon, at 2 said President Dickinson, and the age limit is 1 to 12 years of age. Santa will be there with gifts, candy and all the things that make Christmas. Use coupon from the news letter and return information about the child before Nov. 22, to Thomas Dickin-

son, 51 Western Dr., Agawam, 01001.

Don't forget to purchase your National Home Seals to support our Massachusetts Cottage.

"Boypower '76"

(Continued From Page 1)

Agawam, a graduate of Agawam High School and Trinity College, and former star place kicker and linebacker for the Chicago Bears and Denver Broncos, is chairman of the event. LeClerc, who presently teaches mathematics and coaches golf at the High School, said: "Scouting is more an educational than recreational program and parents find that the fun and activities of scouting all have a basis of character development, citizenship training, mental and physical fitness. Boys and their parents are being invited to attend the program and to join the scouts, and I am expecting a good turn out."

School Night for Scouting is a recruiting plan being carried out in Hampden County as a part of "Boypower '76", the long-range program of the Boy Scouts of America. "The slogan 'Boypower '76' means that America's Manpower begins with Boypower and we are using School Night for Scouting to demonstrate scouting's relevance to our modern, changing world," LeClerc explained. The program will include a film, a demonstration den meeting, and a question and answer period.

"Holiday Moods In Fashion" In Full Swing Sunday Afternoon

Sunday afternoon, the 23rd, is the big day for "Holiday Moods in Fashion," the most exciting event of the year for West Springfield Chapter 144, Order of the Eastern Star. The event is to take place at the West Springfield High School at 2:30 p.m.

Kitty Broman will do the commentary to the many festive fashions provided by Edna Beger. Highlighting the show will be outfits ranging from the morning lounge wear to chick woollens in pants, dresses, intriguing Italian knits, lovely new velvets for pants as well as elegant party fashions. Styles for a winter cruise will also be shown.

Models from Agawam include Mrs. Margaret Tate, Mrs. Christine Pond, Mrs. Barbara Fuchs, Miss Darlene Smith, Mrs. Marge Alheim, and Mrs. Marilyn Perkins.

Musical interludes depicting the various "holiday moods" will add an extra note of gaiety to the

presentation. The nostalgic mood will be portrayed by Mrs. Roberta Freshour who will sing a medley of traditional holiday selections.

Moods within the family gathering will be depicted by Michael Corridan on the accordion and the singing Corridan girls, a talented family group, the oldest being thirteen years of age! The height of gaiety portrayed by Mr. Pete Bamos will set the party mood for the fabulous cocktail and evening fashions for holiday celebrating. Mr. Robert Falk will provide appropriate organ background throughout the show.

Gala refreshments and the giving of prizes will top off an unforgettable event for all who attend. Tickets will be available at the door, and all are welcome.
